Robert Tinker and Laura Decker Wed

Miss Laura Elizabeth Decker, daughter of Mr. and Mrs. Francis Decker and Robert Tinker, son of Mr. and Mrs. Charles Tinker were united in marriage Saturday evening by Justice Hans Petersen, Mr. and Mrs. Kenneth Moore attended the couple. The bride was gowned in navy blue and the groom, who is serving in the U. S. Marines, was in uniform.

Following the ceremony a wedding supper was served to the immediate families of the young couple at the home of the groom's parents. Mrs. Anna Decker of Roscommon, grandmother of the bride, was present.

On Monday the groom returned to his post at New River, North Carolina, and for the present the bride will make her home with her parents, hoping to join her husband in the near future.

Ski Tourney Planned March 7 and 8

TWO TRAINS SUNDAY BROKE NEARLY 1,300

Grayling Winter Sports association, hoping to give the public the utmost in winter sports, are to stage a ski tournament March 7th and 8th. At that time some of the best ski jumpers in the middle west will take part. Also there will be cross country open ski races.

The amateur ski-jumping tourney will be open in classes B, C and D.

A complete program of events will be published in next week's edition of the Avalanche.

Snow Trains Bring Large Crowds

Last Sunday was ideal for winter sports and there was a large crowd present to enjoy them. The Jackson, Lansing, Saginaw and Bay City train prot in nearly 500. The Detroit train had 777 passengers and the train left many passengers standing on the depot platform in Detroit for want of train capacity. Two trains had been chartered but the scarcity of coaches made it impossible to secure more than one. Toboggan slides and the skating rinks were excellent. 3,400 slides were taken on the toboggans Sunday.

While a few of the ski trails weren't first class because of hard snow, many others were excellent, and provided everything any skier might desire. Much interest is being manifest in the layout of the ski trails with their varied color markings.

Two snow trains are booked for next Sunday—one from Lansing and one from Detroit.

Among the visitors present last Sunday were P. J. Hoffmaster, director of the state conservation department and his family; L. N. Jones, superintendent of state parks; John Rogers, state parks engineer, and several high ranking railroad officials—Chief of Detectives Wencel, Superintendent Berg, Inspector Hoyle, Corporation Counsel Natta, Goldstick and Assistant Inspector Matson.

Bluegill Fishing Season Closes Sat.

Saturday is the last day to fish for bluegills through the ice and Sunday is the last day to hunt for snowshoe hares in the upper peninsula, the conservation department reminds sportsmen. In checking these two significant dates on the conservation calendar.

All other game seasons are already closed though some hunters are keeping in practice shooting crows and hunting bobcats and other non-game animals.

All inland lake spearing also ends Saturday but anglers may continue fishing pike lakes until March 15 and "all other" inland lakes until March 31, for pike and perch and calico bass. During the spring months when the season is closed on game fish to allow for spawning, fishermen turn their attention to the harvest of suckers and other rough fish making their spawning runs.

Womans Club

Mrs. Esbern Olson was hostess to the club Monday evening. In the absence of the president, Mrs. Frank Bond, Mrs. Cecil Roberts conducted the business meeting.

Mrs. Norman Butler, chairman of the program committee, introduced the speaker of the evening, Mrs. Glenn Smith of Gaylord, who gave a very interesting and instructive talk on "Glassware." Some very fine old as well as modern pieces of glassware were shown.

This was one of the highlight meetings of the club year.

NO INTERRUPTIONS, PLEASE

Home Hygiene Class Completes Course

One class in "Home Hygiene and Care of the Sick," which started taking instruction, under Mrs. Russell Robertson, Nov. 4, 1941 have completed the course and will soon receive their certificates.

This group is composed of Grayling women who were interested in learning home nursing and home hygiene. The course was offered by the American Red Cross with Mrs. A. J. Joseph as county chairman. She has been assisted by Mrs. Russell Robertson and Mrs. Maurice Gorman as class instructors.

Another class will be started, under Mrs. Patrick McKay, as soon as the text books arrive, which no doubt will be soon.

The response, by the women of Crawford county, for this very practical home course has been splendid and the result cannot help but be very gratifying to the members of the classes as well as their teachers, who are graduate nurses.

The Kellogg Foundation and Michigan State Dept. of Health, in co-operation with the Red Cross are planning to conduct two one-week home nursing institutes for authorized home nursing instructors at one of the Kellogg camps near Battle Creek, March 1 to 15. No doubt Crawford county will be represented at the institute.

The following list includes the names of those who graduated Feb. 17th under Mrs. Russell Robertson: Mrs. Robert Funk, Mrs. Augustus Funk, Mrs. Nell McNeven, Mrs. Clair Smith, Mrs. Carlyle Brown, Mrs. Grant Thompson, Mrs. Harold Rasmus, Mrs. Roy McEvers, Miss Beverly Schaible, Mrs. Willard Cornell, Mrs. Frank Bond, Mrs. Andrew Braidwood, Mrs. George Seeley, Mrs. Norman Dawson, Mrs. Grace Andrews, Mrs. Ted Leslie, Mrs. Paul Feldhauser, Mrs. John Stephan.

Basketball Tourney Drawings Saturday

With a full quota of eight Class "D" and five Class "C" teams entered in the District Tournament to be held here on March 5, 6, and 7, a record affair is predicted.

Class "D" teams include Atlanta, Fairview, Frederic, Gaylord St. Mary, Johannesburg, Mio, Roscommon and Vanderbilt. Class "C" include Gaylord, Grayling, Hillman, Mancelona and Onaway.

The drawings will be held at the local school this Saturday when coaches and representatives of the various schools will gather here.

The tournament will open at 2:00 P. M. Thursday afternoon, and continue through Thursday night, Friday afternoon and night and Saturday night. A total of eleven bang-up games are in store for the game lovers.

Such an affair always has its pre-tournament favorites but as everyone knows, "anything can happen," which makes a tournament a tournament.

Beaver Creek Woman Dies

Mrs. Charles Golnick, formerly Lena Michler, died at her home Monday, February 23 following a long illness. The funeral services were at the home on Wednesday, February 25th. Immediate survivors are her husband, a son, Edward, and a daughter, Betty.

Few Descriptions Sold Pines CCC Camp At State Land Sale Closing Saturday

While there was a good attendance at the State Land auction sale, there were but few sales consummated.

Only 15 descriptions were sold of the seventy offered. The amount taken in was \$1,048.

Reasons for the few sales made were not definite, except opinion was offered by one of authority that the appraisal prices had been too high. Prices that might be equitable in some communities might be too high here. At least many choice parcels offered were turned down because of the price.

This property will eventually be re appraised at prices that should move them.

Michigan Oil Wells Increase In Number

Michigan began the year with 230 more producing oil wells and 82 more producing gas wells than the state had one year earlier, in spite of abandonment of 201 oil wells and 15 gas wells during 1941, according to a review of the industry's accomplishments by the conservation department's geology division.

Operators completed 952 wells during the year—441 of them with initial production of 491,400 barrels of oil, 97 with initial production of 468,465,000 cubic feet of gas, and 413 dry holes. As 1942 began, 3,158 oil wells and 585 gas wells were producing. Total 1941 production was 16,358,717 barrels of oil, 15,092,646,000 cubic feet of gas—more gas but less oil than in the year before.

Six of the state's 70 producing oil fields yielded more than one million barrels each. These leaders were: Reed City field, 2,754,365; Rodding field, 1,748,686; Porter, 1,136,076; Walker, 1,291,690; Adams, 1,117,892; and Winterfield, 1,101,337 barrels. The Headquarters field, a late starter, produced 314,770 barrels last year.

The Six Lakes pool led the 14 producing gas fields with an output of 4,710,879,000 cubic feet. Lincoln pool was second with 1,012,743,000 cubic feet.

Counties having the greatest drilling activity were Osceola, Allegan, Van Buren and Clare. Of 158 holes completed in Osceola county 109 yielded oil, 27 produced gas, and 20 were dry. More wells were drilled in Allegan county, but 97 of the 176 completed were dry, with 78 oil producers and one gas well.

Public Snapping Up Gas - Oil Leases

MANY LOOKING FORWARD TO NEXT MONTHS SALE

The March 6 offering by the conservation department of oil and gas lease rights to 20,300 acres of wildcat lands is expected to reveal the trend of Michigan's much-regulated oil producing industry. At the last sale, a much bigger one held in January, operators snapped up 93 per cent of the acreage offered.

Included in the wildcat acreage to be auctioned in Lansing next month are 2,590 acres in Lyon township, Roscommon county, where interest is high, nearly 6,000 acres in Backus township, Roscommon county, and 5,240 acres in Antrim county, where pioneer exploration is going on. Other acreage offered is in Clare, Gladwin, Kalkaska, Mecosta and Osceola counties.

22nd Producer Hit In Roscommon Field

Another good producer—the 22nd for the field—was brought into production in the Roscommon township field, Roscommon county. The new well is owned by E. V. Hillard, discoverer of the pool last year, and located on the State A No. 3, section 34. It flowed at the rate of 1,800 barrels per day natural.

Now drilling below 3,600 feet McClanahan Oil Co.'s Bauman No. 1, section 29, Richfield township, probably will reach the Monroe pay horizon in 10 days. —Detroit Free Press.

Pines CCC Camp Closing Saturday

DID EXCELLENT WORK ON WINTER SPORTS PARK

Orders were received Monday to abandon Hartwick Pines CCC camp. It came partly as a surprise and also was partly expected. The government's policy of economy because of the war made the closing of this camp quite probable, however, it being a camp of veteran enrollees it was believed that it might possibly continue.

The work of this organization at the Winter Sports park is still incomplete and would probably require another two years. Already three years have been put in on the work of remodeling the park and the construction of buildings, ice rinks, ski trails and toboggan slides and numerous other features.

The concrete and steel toboggan conveyor is not quite finished due to the need of steel for the slides. This, however, we understand has been shipped and it is quite probable that before another winter sports season comes around the job will be finished.

Also the construction of the large club house at the foot of the ice rinks will be delayed by the closing of the CCC camp. Materials in the way of concrete, steel reinforcing, braces and other materials, are here and it was the intention of the CCC to start construction on that project at once. However this will be temporarily halted. And construction of the bob-sled track too will be delayed.

Under direction of the federal and state park commissions this group of men have done a grand job. Whatever they did was done in the best possible manner and with an idea of permanence.

J. B. Schwerdt, superintendent of construction, George F. Seeley, assistant and others and their families will probably be leaving Grayling. We are going to miss these good friends. It may be possible that they will return to Grayling at some later time. Let us hope they do.

Sale of Savings Stamps Makes Good Showing

The Grayling Post Office reports a substantial showing in the sale of Series E Defense Savings Bonds and Stamps since their issuance by the U. S. Treasury department, and particularly since the beginning of the war.

Total sales value of the Series E, Defense Savings Bonds to and including February 24th totals \$29,400.00, representing a maturity value of \$39,200.00. This amount does not include purchases of considerable value made on application at the post office for Series E, F, & G bonds purchased direct from the Federal Reserve Bank of Chicago and the Treasurer of the United States.

Each month continues to show an increase in bond sales over prior months. The peak month for bond sales at the Grayling post office was January. A total of \$6,900.00 (sale value) representing \$9,200.00 in maturity value was sold for the month of January. The \$25.00 denomination Series E, Defense Bonds have been the most popular bond demand, a total of 212 bonds of this denomination have been sold.

The excellent showing in the sales of Defense Savings Stamps is attributed to the Grayling Public Schools and the good organization of Supt. Frank Bond. The Grayling Post Office has sold up to and including February 24th a total of \$2,239.65 in Defense Stamps—topped by sales of \$808.55 for the month of January.

Entertains For Bride-Elect

Mrs. Thomas Cassidy entertained at a miscellaneous shower Wednesday evening of last week at Shoppenagons Inn in honor of Miss Lucille Moore, bride-elect. Guests were the lady employees at the Inn and other friends of Miss Moore. The bride happily opened many packages containing lovely gifts.

Engagement Announced

Mr. and Mrs. Sam Stevenson announce the engagement of their daughter, Marge Ruth, to Mr. Lee Dahlgron, son of Mr. and Mrs. Edward Dahlgron of 14052 Wisconsin Avenue, Detroit. The wedding will take place during the summer, however, a definite date has not been set.

To Play Mancelona Friday

Friday night Grayling's basketball squads play their final tilts of the regular season when they meet the Mancelona fives on the local hardwood court. The first game between the reserve teams is scheduled to start at 7:30.

The local tusslers scored victories over the Mancelona quintet early in January and are anxious to make it a clean sweep over the Antrim county lads. A victory will clinch fourth place for Grayling in conference standings.

Lose to Charlevoix—Alpena; Win from Kalkaska.

On Friday the thirteenth, the locals lost a close game to Charlevoix, 32 to 30. Charlevoix presented a well oiled machine and defeated the Grayling green and white aggregation after trailing for three quarters of the contest. It was a nice game to watch between two evenly matched teams.

A week ago last Tuesday the local varsity traveled to Alpena and lost 40-25 in a slow uninteresting battle. Alpena has an all-veteran club with height and agility galore but it is felt the Grayling squad could make things interesting for the "B" conference leaders if in good form. Coach Hastie has a dandy club at Alpena and will cause trouble for class "A" teams in the coming tournament.

Last Friday Grayling High school journeyed to Kalkaska and gained a couple of basket ball victories. The green and white Varsity won 35-20 and the local Reserves downed the Kalkaska Seconds 22-15. Grayling's regulars looked good in defeating a tall Kalkaska team. The locals led 22-4 at the half and coasted along to an easy win. Ross Thompson scored twenty big points to lead the local attack.

Miss Jane Ingley Passed Away In Detroit

Miss Jane Ingley, a highly esteemed and well known resident of Grayling for over half a century, passed away at 2:30 o'clock Friday at Mercy Hall in Detroit of cancer after a year's illness. However, pneumonia had developed hastening her passing. Miss Ingley had been at Mercy Hall for three weeks, having previously been at the home of her niece, Mrs. Leo Koerper, in that city since early fall.

The remains were brought to Grayling Sunday and were at the Sorenson Funeral Home until Monday morning when services were held at St. Mary's church. Rev. Fr. Moloney officiated at the requiem high mass, and Mr. Francis Gross, president of the organ. Pallbearers were old friends of the Ingley family, Paul Ziebell, Chris Johnson, Wilhelmsen, Ralph Colten, Algot Johnson and James McNeven. Interment was in Elmwood cemetery.

Miss Ingley, who was most familiarly known to her friends as "Jennie," loved Grayling and Lake Margrethe and its surroundings. We doubt if there was any greater booster for the home town than was Miss Ingley. She had resided at Lake Margrethe during the summers for many years. In fact her cottage was one of the first erected on this resort and she had introduced many others to build cottages there. A few years ago, she spent the winter in the west, in writing to friends said, "California and its orange grove is beautiful, but give me Michigan Grayling and Lake Margrethe with their natural surroundings."

Miss Ingley was a lady of refinement and high ideals and very exquisite tastes. She had many friends of long standing who will miss the welcome smile at her cottage door. Born in Sarnia, Canada, Aug. 13, 1868, Miss Ingley came to Michigan when she was a young girl with her parents, Thomas and Matilda Ingley.

Surviving the deceased are a brother Tom, who is a pastor at Mercy Hospital, and a sister, William Ingley of the Kingston Park, Calif., sister-in-law, Mrs. Lewis Ingley, Detroit, nephew Howard Wheeler, Detroit, and niece Mrs. K. Ingley, Detroit. Mr. and Mrs. Koerper, nephew Howard Wheeler, Detroit, and niece Mrs. K. Ingley, Detroit. Mr. and Mrs. Koerper, nephew Howard Wheeler, Detroit, and niece Mrs. K. Ingley, Detroit. WORKING AGAINST AMERICA

WINNING THE WAR

"I know that isn't always too easy," returned Sweeney, shaking his head. "But if we concentrate a little, we can see some things a little more clearly. We can make up our minds which folks are helping win the war and which are actually working against the continued existence of free America."

"Of course we have to have criticism. If we didn't, we would have the same kind of dictatorship that we are fighting." But it doesn't take a Solomon to see that some of this criticism is just plain, downright treason.

"Just ask yourself one question about any fellow who seems to be criticizing all the time. 'Are his efforts the kind that in the end will help us win the war?' If you do that, you'll find some of these critics show up pretty badly."

"They are not criticizing for the purpose of helping us WIN the war. They are sniping at every possible point in order to create greater confusion, greater dissatisfaction. They want us actually to LOSE the war."

"Well, Sweeney," I stated at this point, "I would like to deny that. But I feel it is absolutely true. A vast amount of this criticism is meant to TEAR DOWN, not to build up. It is not the exercise of our right of free speech or free press to make our war performance better. It is the work of those who, actually, are fighting against our freedom."

"Of course," Sweeney interrupted, "lots of these folks don't realize what they are doing. They see something that really deserves criticism and they take a swing at it. But too many of them get so busy doing this, that they forget we are trying to WIN a war. They make themselves the tools of those who are more deliberately and cleverly using our American freedom for the very purpose of destroying it. THEY want something else."

"Don't ask me what, now. I have a definite idea. But I can't stand gabbing with you all day. If you want an idea for the paper, just put down that one fact, the purpose of all our acts should be to win the war. Make up your minds whether you think any particular person or group is REALLY trying to help win the war—or not—and you will have them pegged pretty exactly."—By Floyd J. Miller in Royal Oak Tribune.

PURCHASING LOYALTY

Aguinaldo has gone over to the Japanese. Aguinaldo fought the Spaniards for Philippine independence and joined forces with the United States troops to achieve it. When Spain's hold was broken he demanded immediate independence for the Philippines. When that was refused he staged a revolt and for two years fought the American troops, fought until his capture. A few years ago the United States government gave Aguinaldo a pension, being generous indeed by pensioning former foes. Aguinaldo since 1936 has been on the U. S. pension list for \$3000 a year, a payment allegedly made to guarantee the former rebel's loyalty.

Loyalty can not be purchased. Loyalty which has to be purchased is not worth having. The same theory holds for congressmen's pensions. Proponents of the pension grab declared it was a good thing because the lure of pensions would keep senators and representatives honest. A man who has to be paid to be honest can not be honest. An honest man doesn't need a bribe to be honest, in fact, he won't take one.

Loyalties worth having can not be purchased whether the seller is Aguinaldo or Rep. John Doe from the 29th district of South Carolina. Loyalty is something that can not be bartered.—Ingham County News, Mason.

Congress Repeals Pension Bill

It didn't take Congress long, after hearing from the folks at home, to repeal the pension grab bill. In fairness to many congressmen it is fair to say that, according to the St. Louis Post-Dispatch, one of the best Washington news coverages, only 35 members of the house of representatives—about one-eleventh of the total membership—were present when the bill was passed. This means that many members of the House did not have a ghost of an idea as to what was being passed. It means that the bill was treated as non-controversial legislation.

Letters from Camp

Fort Kamehameha, T. H.
Feb. 4, 1942

The Crawford Avalanche,
Grayling, Mich.

My dear Mr. Schumann:

I am enclosing money order to cover enclosed statement. Request address be corrected to read: Major R. E. Bates, C.A., Ft. Kamehameha, T. H.

I would like to give a resume of the happenings of last December 7th except that I know the radio and papers have given pretty accurate pictures of the situation. This fort is situated at the entrance to Pearl Harbor and next door to Hickam Field, two of the places on which the Japs concentrated. As a consequence, this place was rather warm for a while. We are now in a period of extreme vigilance, watchful waiting, in case another attack should be made.

As you perhaps know, I did not bring my family over here due to the unsettled condition. It was fortunate that I didn't as they would have had to leave here anyway. Evacuation of dependents is underway. A couple of convoys have already reached the States. There is not much news here, just long hours and lots of work.

My best regards to all.

Sincerely,

Emerson,
Russell E. Bates,
Major, C.A.C.

Mr. O. P. Schumann,

Grayling, Mich.

Dear Sir:

Just a few lines to let you know that I am now in California and although it is a good place to be I would rather be in Camp Grayling. There are a swell bunch of fellows here in camp but I miss all my friends up there. I would like to get a furlough to spend a few days in Grayling but the chance seems very slim at this time. Have to go on guard duty so will close.

Sincerely yours,

Richard Kitson.

To help Intangible Taxpayers

**DIST. SUPERVISOR AT
SHOPPENAGONS INN
MARCH 17-18**

A letter from Joseph E. Kidder of Alpena, district supervisor of the intangible tax division of the department of revenue, says that he will be in Grayling at Shoppenagons Inn on Tuesday and Wednesday, March 17th and 18th to give advice and assistance to taxpayers in making intangible tax returns.

Taxable Property
Investments or cash deposits exceeding \$3,000 at any time in 1941 generally are taxable. In any event returns must be filed.

Mortgages, land contracts, accounts receivable and many other kinds of intangible property are also taxable. Where there is income from intangible property, the rate is 6 per cent of that income, but not less than \$1 per \$1,000 nor more than \$3 per \$1,000 of the face, par or contributed value. Where there is no income, the tax is a flat \$1 per \$1,000 of face, par or contributed value.

Bank stock is taxable by a percentage which varies with each bank. The taxable portion of the stock of some 20,000 corporations, together with the par or contributed value of such stocks, is listed in a book now available at banks, trust companies, intangible tax branch offices, and many other places in Michigan.

A PRISON IS NOT THE SAME AS A JAIL

Many people speak of prisons as merely oversized jails; but criminologists do not use the terms so loosely. Jails are considered places of detention for people who have not yet been convicted of any crime, or for those serving short sentences for less offensive crimes. Prisons are places where people convicted of a felony are confined for the duration of their sentences. The term prison is usually not employed when referring to a place merely for detaining people while awaiting trial—this is a jail.

Party Colors

Campaign buttons had not been invented in the days of Constantine's glory, and so the men paid their fingernails to indicate which political party they belonged—green for Hyppatus, blue for Justinian.

Cake Mixture

Cake mixture should come well to the corners and sides of pan leaving a slight depression in center. Cake will then be perfect flat on the top when baked.

Lansing—More efficiency in our war effort may be the 1942 battle cry of Michigan Republicans.

When a war is going well, citizens are usually satisfied with the men who are running the war. But when military reverses come—Singapore, for example—the same citizens awaken from general complacency to demand better and more vigorous leadership.

It is ironical, in a way, that frequently this is the case. Too often it was the same leadership which encountered indifference, if not outright resistance, to suggestions that the enemy might reach our own shores. Then when the enemy approaches nearer, the same public turns in partial panic upon their own leaders for "failure to act."

Such may be the case in Michigan.

When you get alarmed, you get mad. And angry voters are apt to vote for a change.

If military defeats continue to accumulate, and the likelihood is that they will as we prepare men and equipment for battle, Republicans may find themselves armed with a psychological weapon made to order for victory in November.

This is mere observation, not prediction.

Governor Murray D. Van Wagoner has been accused of political favoritism in appointment of county councils of defense, fire-raising officials and even Red Cross chairman.

He countered with a statement that only 45 per cent of his appointments were Democrats, that the state treasury is empty and

Republican strategists in the winter hot-stove league believe Kelly is a logical choice to lead the 1942 ticket.

Kelly's pronouncements, made in a recent series of public addresses, include these remarks: "We stand behind the administration 100 per cent in the prosecution of the war, but we also support the party whose principles we hold sacred."

"This is a time of trial and sacrifice for America, and as in

he spelled it out—"r-o-t."

"Under certain conditions," the President added, the enemy could drop bombs on Detroit—a statement that is said to have startled reporters at his press conference.

German submarines have sunk numerous American oil tankers off the Atlantic coast. Dutch oil refineries were damaged by shells fired from an enemy submarine cruising only a few hundred miles from the Panama canal.

Loss of Singapore and the prospect that the Japanese will make a clean sweep of Sumatra, Java and other Pacific strongholds have sent a wave of alarm over Allied Nations.

Senator David L. Walsh, Massachusetts Democrat, chairman of the Naval Affairs committee, declared on the Senate floor the coasts of the United States were "almost defenseless" and it might be necessary to "bring back our Navy from the four corners of the earth simply to protect our shores."

Other straws in the wind as to 1942 Republican strategy: Rep. Dewey Short, Missouri congressman: "Lack of leadership in Washington has contributed to a feeling of complacency. Until that smugness has disappeared, we are in danger of losing this war."

Rep. William W. Blackney of Flint: "This is no time for petty politics. America is on fire. It is our duty to put out the fire."

Sen. Arthur Vandenberg: "The liner Normandie was not sunk by an enemy at sea. It was sunk by an enemy at home—which is definitely more ominous—and that enemy was either sabotage or negligence."

Foremost in the Republican limelight is Secretary of State Harry F. Kelly. Kelly was not caught in the draft in the World War, but he may be in this one. The "Draft Kelly for Governor" campaign, launched months ago, is gathering momentum.

Kelly is from Detroit where much of the Van Wagoner political strength has centered. He was wounded while fighting in France. As secretary of state he has talked comparatively little, like Coolidge he has built a reputation of being a man of strength as well as a man of action.

Many Republican strategists in the winter hot-stove league believe Kelly is a logical choice to lead the 1942 ticket.

Kelly's pronouncements, made in a recent series of public addresses, include these remarks: "We stand behind the administration 100 per cent in the prosecution of the war, but we also support the party whose principles we hold sacred."

"This is a time of trial and sacrifice for America, and as in

every such crisis, we turn to Lincoln, the man of the common people, for help and guidance."

"Americans have always been opposed to dictatorship and oppression of any kind of government. We stand for liberty, knowing that when man has been free, the world has gone ahead, and when man has been enslaved, the world has gone backward."

"In the next election we shall continue to maintain the two-party system and the Republicans are going to fight to win."

Mentioned for lieutenant governor, as a running mate for Kelly (if Kelly chooses to run and wins the nomination), are Howard Nugent of Bad Axe, speaker of the house; Elton R. Eaton of Plymouth, successful editor-crusader against "boss control" and a former state legislator; Don VanderWerp of Fremont who is credited by many with starting the Kelly bandwagon months ago and who is serving his third term in the state senate over which the lieutenant governor presides; and Dr. Eugene B. Keyes of Dearborn, the dentist-physician darkhorse who outran a field of prominent veterans two years ago.

Because Keyes surprised politicians two years ago by soaring out of the blue, like a blazing comet, hot-stove leaguers have already coined a 1942 slogan: "Kelly and Keyes." But the public is notorious for its short memory; 1942 is a brand new year.

Muriel DeFoe, former state liquor commissioner, recently attended the state convention of supervisors in Lansing. Returning to Charlotte, he wrote of political gossip at the state capitol, offering these pungent observations in the Charlotte Republican-Tribune:

"Governor Van Wagoner's friends are trying to switch Secretary Harry Kelly (R) to become a candidate for senator with their back curtain support, and if successful in this they don't care who is named against Van Wagoner. Many folks think this was the technique that gave Michigan to Willkie."

"That Frank McKay, now in Florida, really wants to see Van Wagoner defeated; that the Republican party will be just a memory if it loses; that Elton Eaton (Plymouth) is almost certain to be in the primary for a top post, probably governor on an all-out anti-boss platform, which if true would certainly disturb the politicians who have been trying to avoid any major battle, and particularly the knockdown-drag-out campaign that Eaton would put on; that Vern Brown disappointed many friends when he eliminated himself from the governorship contest."

All this speculation leads to a

few conclusions:

1. The American people are united in a grim determination to win the war whatever the cost. But they do demand efficiency. If this requires scrapping a few public officials, the latter will be retired overnight. Mad voters are apt to favor a change.

2. If this trend of public opinion continues, Governor Van Wagoner may take another lesson from F.D.R.'s notebook and sacrifice a few favorites to appease the multitude. Departments may be "reorganized," new "reforms" proclaimed with great flourish; more Republicans given positions in the war program.

3. The two-party system of government, providing a ballot box accounting of what is being done and is not being done, should contribute to greater war efficiency regardless of the November election outcome.

Income Tax Bulletin No. 8

Taxes due on a return filed for the calendar year 1941 may be paid in full at the time of the filing of the return on or before March 16, 1942. The tax may, at the option of the taxpayer, be paid in four equal installments instead of in a single payment, in which case the first installment is to be paid on or before March 16, the second on or before June 15, the third on or before September 15, and the fourth on or before December 15, 1942. If the taxpayer elects to pay his tax in four installments, each of the four installments must be equal in amount, but any installment may be paid, at the election of the taxpayer, prior to the time prescribed for its payment. If an installment is not paid in full on or before the date fixed for its payment, the whole amount of the tax remaining unpaid is required to be paid upon notice and demand from the collector.

The tax must be paid to the collector of internal revenue for the district in which the taxpayer's return is required to be filed, that is, to the collector for the district in which is located the taxpayer's legal residence or principal place of business, or if he has no legal residence or principal place of business in the United States, then to the Collector of Internal Revenue at Baltimore, Maryland.

The tax due, if any, should be paid in cash at the collector's office, or by check or money order payable to "Collector of Internal Revenue." In the case of payment in cash, the taxpayer should in every instance require and the collector should furnish a receipt. In the case of payments made by check or money order, however, the cancelled check or the money order receipt is usually a sufficient receipt.

Seized From Enemy Aliens by FBI

Avatrix Laura Ingalls leaves the federal court in Washington, D. C., where a jury of ten men and two women found her guilty on charges of being an unlisted Nazi agent. The famous flier faces two years' imprisonment or \$1,000 fine, or both.

Shown here is some of the material seized by Federal Bureau of Investigation agents in Newark, N. J. The FBI men co-operating with local police seized many enemy utensils in Newark and vicinity. The material includes fire arms, short wave radio sets, photographic equipment and other contraband which should have been turned over to the police. Photographs of Hitler, swastika banners and other pro-Axis items—not exactly contraband—were included in the haul.

Australian 'Jumping Off Place'

Here is a view in Alice Springs, Australia, the jumping off place of the continent's own strategic "Burma road." From the railroad here to Port Darwin on the north coast, through the barren desert wastes of the "back of beyond" rolls the four-lane defense highway which carries the sinews of war from the industrial south to the north coast.

in 'Midnight Oil in Officers' School'

At the command and general staff school at Fort Leavenworth, Kan. the only one of its kind in the country, officers of our army go through stiff training course to prepare them for command and general staff duty. Here a trio of student officers are shown in their quarters preparing solutions for the problems of tomorrow.

Fearful of Approaching Forest Fire Season

Lack of trained personnel, an enormous increase in timber cutting operations, possibilities of sabotage and a relatively "open" winter were cited today by P. J. Hoffmaster, director of conservation, as reasons for apprehension over the rapidly approaching forest fire season in Michigan.

Girl Scouts

Twenty-nine Girl Scouts of Troop 1, were awarded badges Tuesday evening in a ceremony held at the Methodist church. Parents and members of the sponsoring group, the Junior Ladies Aid, were guests. A musical program, based on the life of Stephen Foster, prepared by Barbara Borchers, was presented. Following a short talk on the Girl Scout motto "Be Prepared," by Mrs. Stripe, leader, a candle-light ceremony took place, during which the laws were repeated.

Girls receiving their Leather Badges were: Norma Parkinson, Emily Giegling, Betty Underwood, Phyllis Newell, Patsy Heric, Beatrice Papendick, Beverly Stephan, Beth Larke, Mary Lou Graham, Rose Mary Charron, Barbara Borchers, Beverly Peterson, Joy Wells, Faith Nolan, Joan Bishaw, Shirlee Meisel.

The following girls completed, and received the Winter Sports Badge, under the direction of Miss Woelmer: Faith Nolan, Beatrice Papendick, Patsy Heric, Mary Lou Graham, Rose Mary Charron, Barbara Borchers, Shirlee Meisel, Beth Larke, Ernestine Stephan.

The Weaving Badge was awarded to Beth Larke and Patsy Heric.

The Minstrel Badge went to Barbara Borchers.

Tea was served by the girls working on the Hostess Badge, under the direction of Mrs. Don Gothro. Ernestine Stephan and Rose Mary Charron poured. An exhibit of notebooks, leather craft, and the afghan knit for the Red Cross by the Girl Scouts was an interesting sidelight.

Must "Take Down"
Guns While In Car

Michigan's new curb on illegal
hunting, the law requiring all
firearms other than pistols and
revolvers be taken down or en-
closed in a case while in an auto-
mobile, becomes operative March
1, the conservation department
reminded sportsmen today.

Conservation officers will en-
force the ban on set-up guns for
seven months each year, from
March 1 to October 1, in all parts
of the state. Penalty for trans-
porting or having in possession
in an automobile of firearms not
taken down or in a case is \$10
to \$100 and court costs, or up to
90 days in jail.

A Good Choice.
A friend asked Pat one day if he
had to choose between the sun and
the moon which he would choose.
Pat gave it some thought and finally
said:

"The moon, sir."
"And why the moon, Pat?"
"Faith, and 'tis loight all day—
but at night, it's dark and we need
the moon."

RIGHT ANSWER

Admiral Byrd, while at the
naval academy, was called upon to
conduct a short course. One morn-
ing his fellow pupils wrote on the
blackboard:

"Hail to thee, blithe spirit;
Bird thou never wert."

Two minutes later Byrd stalked
in, stared at the blackboard, glared
at his class, and snapped, "Who
wrote that?"

Twenty hands went up and twenty
voices replied: "Please, sir, Shel-
ley!"

Always Correct

The professor had taken great
pains to teach his wife to speak cor-
rectly. One day she caught him
kissing the maid.

"George, I'm surprised," she
said.

"Really, really, you must be more
careful," replied the professor. "I
am surprised. You are astonished."

Every Day!

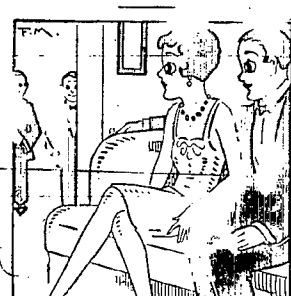

"Your references are good. I'll
try you," said the farmer to a lad
who applied for a job in the poultry
yard. "Is there any chance to rise,
sir?" the boy asked. "Yes," said
the farmer, "a grand chance. You'll
rise at four o'clock every morning!"

Not So Simple

Mistress (annoyed)—How do you
manage to make so much noise in
the kitchen, Norah?

Cook—Well, you just try to break
four plates without making a noise.

DECORATED WITH BEAUS

"Has she her sofa and chairs de-
corated with bows?"

"Yes, never in my life saw a girl
have so many beaus sitting around
her."

Happiness

Old Gotrocks is rich and stingy.
In the event of his death his nephew
will inherit his property. A friend
of the family said to the old man:
"I hear your nephew is going to
marry. On that occasion you ought
to do something to make him hap-
py." "I will," said Old-Tightwad,
"I'll pretend that I am dangerously
ill."

Similar Effect

Mother—Clara, what are you do-
ing with all that jam on your lips?
What would you say if you saw me
looking like that?

Clara—I'd say you were going to
a dance, mother.

Shop Talk

Customer (for the sixth time)—
Now just put the jacket on once
more please.

Salesgirl—But really, madam—
Customer—It's quite all right. I
want to be sure it wears well.

I Trouble

Bank Clerk—You forgot to dot an
"i" in your signature.

"Patron—Would you mind dotting
it for me?"

Clerk—I'm sorry, but it has to be
the same handwriting.

City Conveniences

"I know you must have enjoyed
your month at the lake."

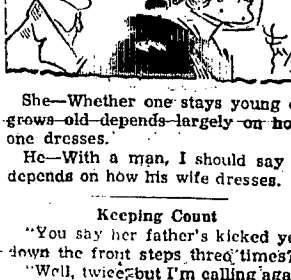

"Oh, yes, immensely; there are
three good movie houses only three
miles away."

Changing Fashions

Wimpus—Isn't it odd how the fash-
ions change so often?

Bjorn—Probably trying to elude
some of the people who are trying
to keep up with them.

WHY MEN TURN GRAY

He—With a man, I should say it
depends on how his wife dresses.

Keeping Count

"You say her father's kicked you
down the front steps three times?"

"Well, twice—but I'm calling again
tonight."

A Week of the War

Secretary of War Stimson told
his press conference this nation
is confronted with a situation in
which we cannot "buy our way
out or produce our way out," and
the only way left is to "fight our
way out by intelligent offensive
action." Every effort is being
made to build powerful armed
forces, he said, and when con-
ditions warrant, they will "seize
every opportunity" to strike at
the enemy. In the meantime, the
U. S. must be prepared to take
sporadic attacks along its coasts,
Mr. Stimson said, because "it we
scatter our forces for the defens-
ive, it is the surest way to ac-
tuate."

President Roosevelt told his
press conference that under
certain conditions enemy planes
could bomb cities as far inland
as Detroit, or enemy ships could
shell New York City. Congress
completed action on the \$100,000,000
appropriation for the Office
of Civilian Defense, to provide
fire-fighting equipment, gas
masks, protective clothing and
emergency medical supplies.

Assistant Secretary of State
Berle, speaking in Des Moines,
Iowa, said the U. S. is deter-
mined to fight an aggressive war,
rather than a defensive one, and
"the fruits of victory will be
available to every free people
throughout the world." Mr. Berle
said "We can no longer think of
ourselves as a supply base . . .
Our work is more than that of
making guns and planes and
tanks. Winning the war is now
America's job." He said all signs
point to big offensives this spring
against the United States.

Foreign Relations

President Roosevelt announced
a new loan to Russia is planned
because the original Lend-Lease
authorization of a billion dollars
has been obligated for future de-
liveries. Commitments for mak-
ing American war materials
available to Russia were main-
tained up to schedule until De-
cember 7. Delivery of supplies for
the Soviet Union slowed down in
December and January, he said,
but will be brought back up to
schedule by March 1. Under Sec-
retary of State Welles said
answers from the Vichy Govern-
ment to this country in regard to
French aid to Axis forces in
North Africa were considered un-
satisfactory. Mr. Welles said the
French Ambassador had reported,
however, no commitments
have been made by the French
to Japan in regard to Madagascar.

Production and Conversion

The War Production Board an-
nounced war production of the
"big three" automobile companies—
General Motors, Chrysler and
Ford—will be running at a rate
of almost \$11 billion when they
reach peak production on present
orders. The companies will need
900,000 to 1,000,000 workers as
compared with a peacetime peak
of 550,000. The Board said war
expenditures authorized by Con-
gress, including pending bills
and Lend-Lease, totaled \$145
billion on February 15. Chairman
Nelson issued a set of regulations
regarding the employment of
dollar-a-year men by the Gov-
ernment. The Army Ordnance
Department ordered ordnance
chests in the 13 districts of the
U. S. to provide engineering as-
sistance to small manufacturers
whose plants could be converted
to armament production.

Army

The House passed and sent to
the Senate the new \$32 billion
War Appropriation Bill which
provides \$23 billion for the Army
and more than \$5 billion for
Lend-Lease. The Senate passed
a bill to authorize payment of
allotments for one year to de-
pendents of military personnel
captured or listed as missing.

Voluntary enlistments in Janu-
ary totaled 90,000—double the
highest World War I figures. The
Army announced formation of
the 1st Filipino Infantry Bata-
lion at Camp San Luis Obispo,
Calif., to provide loyal Filipinos
a means of serving in the U. S.
armed forces and the eventual
opportunity of fighting in their
homeland. The War Department
reported American pilots in the
Chinese Air Force "are giving
Japanese airmen their worst lick-
ing of the war . . . knocking
down more than 10 Jap planes
for every loss" of their own. The
Army Signal Corps is seeking
civilian engineers to fill radio
and telephone positions in Civil
Service jobs, paying \$2,000 to
\$3,800 annually.

Selective Service Headquarters
announced new Army physical
standards for inductees will per-
mit reclassification as Class 1-A
of thousands of men now defer-
red due to teeth and eye defects.
SS Director Hershey instructed
local draft boards to defer labor
leaders and Government labor
liaison men to permit continu-
ance of their work in aiding war
production and to defer men en-
gaged in maintenance of essential
agricultural activities. Men regis-
tered February 16 will be called

for induction only after local
boards have exhausted their
existing lists, he said. A lottery
in March will determine the
order of classification and in-
duction. Questionnaires on voca-
tional experience will be sent to
every registrant who has not yet
been called for service.

The War Front

Gen. MacArthur reported con-
tinuous fighting on the Bataan
Peninsula and battery attacks on
the fortifications throughout the
week. The Navy announced the
destroyer Shaw, previously re-
ported lost at Pearl Harbor De-
cember 7, arrived at a U. S. West
coast port, is being repaired and
within a few weeks will be in
service again on the high seas. A
U. S. tanker was torpedoed in the
Atlantic area, while U. S. forces
inflicted enemy losses which in-
cluded: 10 planes, one large and
one small enemy transport and
one 5,000-ton cargo ship sunk,
and two enemy barges destroyed.

Navy

Navy Secretary Knox said the
Navy, operating over three-
fourths of the globe under the
heaviest burden in its history,
must now protect U. S. shores
and coastal commerce, strategic
areas vital to our defense, the
American Republics, and the
flow of supplies to Great Britain.
It must check Japanese aggres-
sion until "we can muster our
forces and send it hurtling back
whence it came." The Navy an-
nounced launching of a battle-
ship, four destroyers and a sub-
marine chaser. The Navy said
1,000 Naval and Marine Corps of-
ficers and enlisted men and 1,200
civilians in the Pacific war area
presumably were taken prisoners
of war by the Japanese after
December 7. The Portland, Ore.,
recruiting office topped all others
in January with 114 enlistments
for each 100,000 persons in its
area. The nation's schools start-
ed work on a program to make
500,000 accurate scale models of
United Nations' and enemy war-
planes for U. S. naval, military
and civilian defense forces.

The Chief of Naval Operations
ordered representatives of local
Naval District Commandants to
arrange with ship owners to do
preliminary work when ships are
in port loading or unloading to
speed arming of American mer-
chant vessels. The House passed
and sent to the Senate the War
Appropriation Bill providing
nearly \$4 billion to expand the
merchant fleet. The Senate passed
a bill authorizing an addition-
al \$100,000,000 appropriation for
expanded Navy manufacturing
and production facilities.

Rationing

Price Administrator Hender-
son announced three consumer
forms for sugar rationing are
expected to be printed and dis-
tributed by March 7. He said
there will be two registrations
for rationing cards, one for
housewives and another for small
commercial users. Petroleum Co-
ordinator Ickes said nation-wide
rationing of petroleum products
may be necessary if other meth-
ods fail to prevent shortages
on both coasts. He announced
regulations governing sales of
fuel oil to all East coast con-
sumers to keep stocks at a reason-
able minimum and to prevent
hoarding. The Justice Depart-

Wrecked July 28, 1941 by windstorm. This was a fine barn, owned by Geo. H. Hudson and located on section 25, Mariette Township, Sanilac County. The loss, over \$3,000, was paid by this Company.

BEWARE THE "MARCH WIND"!
The Windstorm Season is at Hand!

Every property owner should have windstorm insurance and this company offers
the advantage of its more than 56 years continuous successful experience in settling
claims fairly and promptly, paying more than \$7,000,000 in losses to its policyholders.

The splendid financial position of the company with its CASH RESERVE,
RE-INSURANCE and LOW COST OF PROTECTION, doubly insures its members
against windstorm loss.

Even after the experience of the last fifteen months, paying over \$1,190,000 in losses
from one storm, this company is still in position to assure its policyholders prompt
settlement of all legitimate losses in 1942.

Drop a postal card to the Home Office and get the facts about Windstorm Insurance.

ment said it is prepared to prose-
cute all violators of wartime in-
dustrial regulations including

and price control.

Protection From Sabotage

President Roosevelt authorized
the Secretary of War to move
out of vital defense areas any
persons believed inimical to the
U. S. war effort—citizens and
aliens alike. Attorney General
Biddle said the FBI has appre-
hended almost 4,000 alien en-
emies since the outbreak of the
war. Approximately one-third
of these are Japanese from Cali-
fornia, Oregon and Washington.

Priorities and Allocations

The WPB froze all stocks of
new mechanical refrigerators ex-
cept those in the hands of re-
tailers, in preparation for con-
version of this \$280,000,000 in-
dustry and its 36,000 workers to
war production. All refrigerator
production will end April 30, the
Board said. It also assumed full
control of the entire 1942 raw
cane sugar supply, curtailed use

of critical materials in in-
factory of all musical in-
struments, and restricted use of
methyl gas.

When to Remove Stains
The time to remove stains
washes is when they are
and before the articles are put
into the household washer. Soap
even just hot water, sets

Visual Education

Last week's films were "The
Nervous System," and "Our Daily
Bread." The first one showed
the structure of our nervous sys-
tem and explained how it work-
ed. The second traced the pro-
cess of growing wheat, making
flour and the making of bread.

7th Grade Party
On Monday night the 7th
under the sponsorship of
Cornell, held a class party. G-
and dancing were enjoyed
those who attended.

Boys Club

Tuesday over 80 mem-
bers of the Grayling Boys club,
and guests enjoyed a party
concerning Michigan con-
stitution. Mr. Dorman local con-
stitution officer, arranged to have
Warner of the State Depart-
ment bring furs, pelts and movies
of Michigan animals. Mr. W.
explained the values and meth-
ods of caring for our common
animals. Several reels of
were shown. One of them show-
ed the beaver at work; another
examples of training differ-
breeds of dogs. A third one
a color picture of a Mel-
lumber camp. The last one
a very good one giving a fe-
the many duties and helps of
conservation officers.

Home Making
